

Marhamchurch Methodist Church Council.

The last year has seen the congregation grow again and we regularly have about 30 to the services. It has been good to see how people from other closed churches have joined us along with some completely new people to the community.

The hall is being used very regularly by different groups and is still maintaining its newly decorated look. A donation in memory of John Gilhespy enabled the hall to have some extra plugs and cupboards installed which was greatly appreciated.
